

Suggested Preteen Vaccine Week (PVW) 2019 Activities for Individuals and Organizations

Help Get The Word Out About Preteen Vaccines: Please promote preteen immunization by doing one (or more) of the following activities during Preteen Vaccine Week March 3-9, 2019:

- If you are the parent of preteens, take this opportunity to check with their doctor to see if they need any immunizations.
- Use the PVW social media messages (visit <http://www.sdiz.org/Community/Features/PVW-2019.html> to view and download them) in your tweets and Facebook posts, and encourage others to do the same.
- Use the PVW social media messages, drop in article and web graphics (visit <http://www.sdiz.org/Community/Features/PVW-2019.html> to view and download them) on your web site, or that of your club, school or other organization.
- Take advantage of opportunities to talk about preteen vaccines with friends and family, and also at meetings or other gatherings of organizations you participate in.
- In your electronic correspondence, use the e-mail signature lines promoting preteen vaccines (visit <http://www.sdiz.org/Community/Features/PVW-2019.html> to view and download them).
