

**Students with Personal Beliefs Exemption or Permanent Medical Exemption**

**Instructions:** On this page keep a list of all students at your facility who have either a Personal Beliefs Exemption (PBE) or a Permanent Medical Exemption (PME). Children with PBE or PME are either exempted from ALL vaccines or SOME vaccines. If a child is exempted from every required vaccine simply write “ALL” in the “Vaccine” column. If a child is getting some vaccines but not all of them, write which vaccines they do not have in the “Vaccine” column. The grade the student is in is also helpful. Keep this list as up-to-date as possible. The San Diego County Public Health Services will need this information in the case of a disease outbreak.

**REMEMBER** a **PBE** is a parent’s personal decision, but a **PME** is a physician’s order and must have a letter from the provider attached to the Blue Card.
